SERVICE QUALITY ENDORSEMENT

Al SaeediPro
Al Quoz
Dubai.

Dear Mr. Anish,

This is about my recent visit to your AlQuoz service centre.

It was a scheduled oil change service for 10000kms. I was quite impressed with the technical know-how of your service staff Mr. Rahim who attended to my car. His adherence to run thorough checks on many components and functioning of engine & tyre conditions was over and beyond the scope of service requested. That is when I realized how important and appropriate it is to run such diagnosis on regular basis especially when the car does off-road driving spells quite often.

I will continue to recommend AlSaeedi Pro to all my contacts in driving clubs and acquaintances.

All the very best.
